NIGHTTIME LANE CLOSURES ON US HWY 278 (EASTBOUND)

(MARCH 9 THROUGH MARCH 20, 2015)

RE: Bluffton Parkway Phase 5A Flyover

Attn: State and Local Media

HILTON HEAD ISLAND / BLUFFTON / BEAUFORT COUNTY — Nighttime lane closures on Eastbound U.S. Highway 278 will be occurring between Buckingham Plantation Drive and the bridges to Hilton Head Island starting Monday March 9, 2015, 8:00 PM to 6:00 AM, through Friday March 20, 2015.

These lane closures are necessary for the Contractor to widen Eastbound U.S. Highway 278 between Forging Island Road Extension and the entrances to the BP Gas station to shift traffic from the bridge work in the median of U.S. Highway 278. Drivers traveling near the project's construction zone are asked to be aware of equipment and crews working in the area at all times. The public is also asked to notice traffic control signs, flaggers, reductions in speed limit and message board information, and to note that all road work is dependent on the weather.

The traveling public should expect delays during these times.
